| Policy Name: | Sustainability Policy |
| Date: | 23 Nov 2020 |
| Version: | 1 |

Hyreus recognises the importance of a sustainable future particularly in relation to the environment.

Objectives

We have identified the key sustainable development objectives important to Hyreus and have defined their scope.

Environmental

- Promote responsibility for sustainable recruitment solutions.
- Aim to reduce our reliance on paper embracing digital systems to reduce waste.

Socio-Economic

- Engage with employment organisations as part of our commitment to help people back to work.
- Engage with training facilities to encourage the development of skills and training necessary for our workers.

This Policy will be reviewed annually.
